

HEIDELBERG FACULTY OF MEDICINE

Physician Scientist Program of the Heidelberg Faculty of Medicine

Information sheet on the assessment

Applications for funding within the Physician Scientist Program of the Heidelberg Faculty of Medicine are reviewed by an interdisciplinary committee including the equal opportunities officer.

Essential criteria of the assessment are:

- The applicant's past achievements
- Convincing motivation and presentation of professional career goals
- Documented pre-work for the planned project
- The innovative character of the project
- The quality of the research project as well as of the proposal
- Scholarships and prizes already received as well as third-party funds acquired by the applicant her-/himself
- In addition to the above criteria, the selection committee also reserves the right to consider family and social aspects when assessing eligibility for funding.

The above is a list - not a ranking of criteria.
