

HEIDELBERG FACULTY OF MEDICINE

Physician Scientist Program of Heidelberg Faculty of Medicine

Notes on final report

A final report must be submitted to the Deanery of Research no later than 3 months after completion of the program. It should include information on following points:

1. Results (max. 5 pages):

A short summary / overview of the project and the achieved results.

2. Description of the progress (max. 1 page)

Was it possible to carry out the project as planned? If not, what development did it take and how has this development been dealt with?

3. Publication list

Did the project result in any publications or are any publications planned regarding the project? If so, at what stage are they (in preparation, submitted, accepted, printed? In which journals?)

4. Cooperation

Did the project result in any scientific cooperations? If so, please name them.

5. Third party funds

Have you yourself raised any third party funds? If so, please specify the amount and the funding organisation. If an application for third-party funding has been submitted, please state the current status and to which funding organisation it has been submitted.

6. Future plans (max. 0,5 page)

What are your next steps regarding your future career?

Please send your final report by e-mail to: forschungs.dekanat@med.uni-heidelberg.de
